International Business Times is nimble and built to take corporate messaging worldwide. Leveraging the IBTimes platform and its 16 editions allows your message to be global, in context, in language, and run with great ease and efficiency. It enables brands to reach the world.

The audience that we reach has a common need for global news and information. They are on-the-go and hard-to-reach. They are global citizens. They are the new affluent class, who leverage the globe to invest, grow, and start their own businesses – both large and small. They are innovative entrepreneurs and F1000 executives, generating tremendous equity and wealth. As a result, they live the good life by traveling frequently, purchasing multiple international residences, generally speaking English as the de-facto language, and find IBTimes the perfect complement to their business and personal needs. IBTimes is the gateway for the advertiser to reach this large, untapped, and exciting, new market.
